

QUESTIONS?

How do I move through the tiers?

You will move through the tiers by earning enough Rio Rewards points (from gaming or non-gaming spend) during the current calendar year.

How long will I maintain my new tier status?

For the remainder of the current year and for the entire following year.

Will my Rio Rewards points ever expire?

Only if your account has been inactive for 12 months.

Can I convert my Rio Rewards points into Free Play?

Points that have been earned from gaming can be converted into Free Play or used as Resort Credit. Points earned from non-gaming spend are used for Resort Credit.

Where and how can I use my Rio Rewards points?

You can "spend" your points at every outlet at the Ipanema Beach Club and Food & Beverage Outlet at Rio. Just tell the cashier that you want to use your points to pay the bill.

I'm not a member, can I create a Rio Rewards account online?

Yes. If you don't have a Rio Rewards number, scan the QR code below and click on "Not a member yet?" to join. Complete your enrollment and pick up your card by visiting the Rio Rewards desk.

Can I look at my account online?

If you created your account while on property, please scan the QR code below and click on "create an online account" to gain access.

How do I get points for everything I do?

While gambling, be sure to insert your Rio Rewards card into the slot machine or give it to the dealer. Additionally, associate your card number with your room and always present your card to the cashier while dining at participating outlets. Please note that you cannot earn rewards on your room stay itself. However, you can earn rewards on eligible charges made to your room from participating outlets. You can also take the paid receipt to Rio Rewards or email RioRewards@riolasvegas.com for processing.
